Offering of LINERS produced and grown on the Del-Mar-Va peninsula.
Members of: Maryland and American Association of Nurserymen.

SEPTEMBER 1953

TO OUR FRIENDS AND CUSTOMERS:

It is with pleasure that we present to you our offering of good quality liners for Fall 1953 and Spring 1954. Our growing season has been unique because we have been favored with a plenty of moisture which in turn has enabled us to produce a very good liner.

As usual, we will supply you with the best and we feel confident that you will be pleased with the results. Visit with us and we will be glad to show you our stock.

CONDITIONS OF SALE: Terms are f. o. b. Lincoln, Del, 2 o/o discount for payment in 10 days. Accounts due 30 days net. These terms are offered to customers whose responsibility is known to us, otherwise cash or satisfactory references are required. C.O.D. orders should be accompanied by one half the amount of the order.

CLAIMS: Complaints should be made within 5 days after receipt of goods.
TRUE TO NAME: We use every precaution to have all plants true, we will not be responsible for any amount greater than the cost of the stock should it prove other than represented.

EXPLANATION OF GRADES: We are listing our liners in grades by the number of years they have been growing under the lath screens; for example 1 yr. means 1 year in outside beds after being grown in the greenhouse. 2 yr. would be 2 years outside, etc. The figures in front are approximately what we have offer.
